University of Salford, 2011

Harry, Larry & Gary - harrylarrygary.com

Working with small, medium and large companies to develop new and refresh existing branding.

My daily role includes; brand positioning, user interface and user experience design, digital collateral, web development, print / layout design and interacting with client stakeholders. I have mentored and managed over 10 junior designers during my time at HLG, and currently manage all briefs from conception to ideation for the entire agency.
